TREASURER GILFILLAN to-day mailed 54,000 checks for the payment of interest on the registered fours, amounting to \$5,401, 000, and 1,500 checks in payment of the interest on the Pacific Railroad currency sixes, amounting to about \$2,000,000.

HON, EPPA HUNTON will leave Washington for Warrenton to-morrow morning and return Monday. He is a strong supporter of ex-Congressman Goode for the governorship, but will not take a very active part on the stump owing to a weakness of the throat.

ASSISTANT SECRETARY FRENCH, of the Treasury Department, has issued a circular to the collectors of customs and others in regard to the regulations governing the im-portation of foreign merchandise for the In-ternational Cotton Exposition to be held at Atlanta in October, 1881.

THE WHITTAKER CASE.—Judge Advocate-General Swaim has just received the record in the Whittaker case, embracing 11,000 pages of manuscript. He will make a careful review of it, and until he has completed this, the public can know nothing definite of the character of the verdict.

THE INTERIOR DEPARTMENT.

No promotions, transfers, removals or appointments were made at the Interior Department to-day. A number are to be made but will not be until about the middle of July.

YORKTOWN CENTENNIAL

GEN. RAUM, Commissioner of Internal

Assistant Sicrietary French.—Secretary Windom stated to-day that there were no charges on file in the Treasury Department, either by importers or others, against Assistant Secretary French, and so far as he knew, there was no reason for any. The cotton-tie decision, over which such a fuss has been made in the papers, was rendered over five years ago, and Judge French had nothing to do with it. nothing to do with it.

THERE IS ONE Star-route contractor, at THERE IS ONE Star-route contractor, at least, who can stand any amount of investigation. It is Anton Gockel, who controls the ten-mile route from Jackson to Cape Girardeau, Missouri, performing service in a stage six times a week. He performs the service, to use his own language, for "two dollars less than nothing" per annum. The real fact is that Gockel pays the Government 82 per annum for the privilege of performing this service. The contract was originally let to him in July, 1879, and he has performed the service faithfully over since. He has just renewed it for the next fiscal year and has sent in his 82 as usual. fiscal year and has sent in his 82 as usual.

Inspection of Cattle Abroad.—One of the items in the sundry civil bill of the last session of Congress appropriated \$15,000 to be used under the direction of the Secretary of the Treasury for the inspection of cattle abroad. The money becomes available to-morrow. A certificate was to be given to the shipper to the effect that the cattle sent abroad were not infected with the pleuro-pneumonia or other contagious disease. Assistant Secretary French, who has such matters in charge, said to-day that they would soon appoint officers at the principal ports to inspect cargoes of live cattle going abroad and give the certificate contemplated by the law. They proposed to do the best that can be done under the appropriation.

The Secretary of War will tender the use of ten thousand hospital tents for the visitors on the occasion of the celebration which will last from the 19th to the 23d of Sctober.

The committee are preparing a statement for the press, explaining that they are in no manner connected with the "Yorktown to Centennial Association," which Mr. Peyton, of New Jersey, represents, and which proposes to hold a sort of picnic or excursion at Yorktown for two weeks on the occasion of the celebration.

The music at the unveiling will be under the direction of Prof. Siegel, of Richmond, the poem will be by Paul H. Hayne, of South Carolina and the music to his verses by the done under the appropriation.

A PROMOTION DECLINED. In the promotions at the Post-office De-partment to-day, one lady holding a \$1,000 clerkship declined promotion on the ground that there were others in her division to whom an increase of compensation would be more acceptable and beneficial. At the re-quest of the lady herself her name is withheld from publication.

NAVY DEPARTMENT EMPLOYEES SAFE. Chief Clerk Hogg is authority for the statement that there will be no change in the Navy Department to-morrow.

There will be further changes in the Postoffice Department in the course of the next thirty days, mostly in the office of the First Assistant Postmaster-General.

The Arrangements Perfected To-day. Revenue, has prepared a statement showing the aggregate of certificates of deposit received each month during the fiscal years ending June 30, 1880 and 1881, from which it appears that the net increase to date is \$11,258,179.93. The increase for the month ending to-day is \$1,257,647.04.

The Centennial Committee of the House and Senate met tc-day at the War Office and about finished up the business before them. All were present except Senator M. C. Butler. They decided that the monument should be seventy-two feet in height, ending to-day is \$1,257,647.04. Room 59, P. O. D.—There was unusual activity to-day in the vicinity of Room 59, P. O. D. A number of visitors passed in and out the mysterious apartment, and this afternoon Detective Woodward had a private and evidently important consultation with the Postmaster-General. The latter, who was up town, had to be sent for to attend the consultation.

Mr. J. Stanley Brown, the President's private secretary, who has been absent about a month in London, England, on business in connection with the continued five per cent. bonds, returned to New York city yesterday and went on a flying visit to friends in Dorset, Vt. A telegram was received from Mr. Brown last night saying that he would be in Washington to-morrow (Friday).

The circumstances of the surrender of Cornwallis and the first news were conveyed to the Continental Congress, in Philadelphia, by Col, Tillmann, of Maryland, one of Washington's aides, who rode from Yorktown to Philadelphia on horse-back in four days. The city was immediately illuminated, the greatest sort of a celebration held and Congress and the citizens repaired to church and rendered up thanks to God for the great victory.

the great victory.

Congress then met again and appointed a committee of four, Messrs. Randolph, of Virginia; Varnum, of New England; Boudinot, of South Carolina, and Carroll, of Mary-

land, to arrange for a monument proper to commemorate the occasion. At to-day's meeting of the committee Dr.
Loring, of Massachusetts, objected to the
use of the word "excellency" as applied to
Washington, LaFayette and De Grasse, but
after a brief exchange of sentiment it was
decided to have the inscription read as
